

Statement of Intent of Declaration of WITHDRAWAL OF CONSENT FOR INTERFERENCE:

Let it be known, I (my name) withdraw consent to any agreement of entrapment that bears intention to deceive, misinform, imitate, copy, manipulate, exploit, control, steal, harvest, seduce, harm or negatively influence my being, in mind, soul, spirit, body and physical place of habitation, business, website or published works in any way across all levels, dimensions and time, whether they are fabricated linear or synthetic creations or times on all levels and dimensions. Through my withdrawal of consent, I intend and claim protection from harm and maintain neutrality, so that my presence of being honors Truth, compassion, wisdom, harmony, healing, constant awakening and life, so as to not be trapped, to the best of my ability in every situation.

I withdraw consent to false limiting beliefs or false soul “programs” driving my body and consciousness, but rather my highest Spirit’s truth within without limitation as a Creator as integrated and harmonized mind, soul and spirit of original Primordial consciousness. **Let it be known that by my choice to WITHDRAW CONSENT to enter any game of any agreement of entrapment on any level, on all levels, across all dimensions and for all time, it is in effect now and forevermore, to the best of my ability in the NOW. I hold that such is true and in effect, that any such agreement of entrapment, deception, and harmful intention, now be DEEMED null and void based on the intention of its creator to harm and not honor my life, (whether they be conscious of these behaviors or intentions or not), or my sovereign being and free will.** No singular or collective entity or artificial intelligence is under any circumstances given permission (of malintent) to enter my Universe, life, dimensions, levels or time. **If there are such attempts to ignore the LAW, they are responsible for one thousand times or more the consequences of that breach in self-destruction—and are fully legally and spiritually responsible for their choices.** The choice given is to not interfere or accept the consequences as stated. Should you choose to override our LAW, knowing the full terms and conditions stated, I in no way can be held responsible or harmed for any choice that breaches this LAW on any level, on all dimensions across all times and future cycles of time. I claim the Law and I Am the Law, as a Sovereign Eternal Now Spirit Being and awareness of my Eternal Nature. I forbid any singular or collective entities to attempt to breach my Law and Not Consent to my LAW, and therefore am protected from entering any Game, or ANY and ALL Games set out to ensnare me out of my own SOVEREIGN BEING. They will bring upon themselves their own intention in harm.

I HOLD THIS TO BE IN EFFECT IMMEDIATELY ON ALL LEVELS AND ALL DIMENSIONS OF TIME AND SPACE, PAST PRESENT AND FOR THE FUTURE CYCLES OF TIME.”
